

Alliance Against Conflict of Interest (AACI)

AACI Supports Anna Hazare's Fight Against Corruption

The Alliance Against Conflicts of Interests (AACI) supports Anna Hazare and India against corruption.

AACI consists of concerned citizens of India who have come together to work towards elimination of conflicts of interest in public policy.

AACI believes that lack of transparency in governance, 'inside office trading' and presence of conflicts of interest in public institutions, bodies, committees, delegations and in any decision making process breeds corruption.

AACI therefore strongly supports the movement led by Anna Hazare – India Against Corruption.

AACI supports 'Jan Lok Pal' Bill and recommends the inclusion of "prevention, identification and management of conflict of interest" in it.
